**Ticket**: MOB-30

Bookkeeper Contact Information

+ Add

Description

As a Client User I want to see my bookkeeper's contact information so that I can call or email them if I have questions from my phone.

1. CRM assigned Bookkeeper information is displayed on the app.
2. Pressing the Phone number calls the bookkeeper.
3. Pressing the Email address opens a new email to that address.

TICKET:https://mazumausa.atlassian.net/browse/MOB-30 Bookkeeper Contact Information	Test Env.: Device testing	Number of bugs: 2	Ticket Status: Testing
Testing Date: 2/23/2023	Estimated Time: 1hr	Started:	Ended:	Actual time spent:

Objective:				
ACCEPTANCE CRITERIA	TEST CASES	RESULT	REMARKS	STATUS
1.CRM assigned Bookkeeper information is displayed on the app.			Information of assigned bookkeeper is shown in the dashboard.	**Passed**

Note: The "Estimated Time", "Started", "Ended", "Actual time spent" row spans across the header section. The "Objective:" row spans the full width.

|				
2. Pressing the phone number calls the bookkeeper.			**Pressing 'Contact' does not open a dial pad to call the bookkeeper.**	**Failed** **Error occurred when pressing 'Contact'**

| 3. Pressing the Email address opens a new email to that address. | | | | **Passed** |

| 4. Pulling of client information | |

After pressing 'R' for reload.
 | | **Failed**
After login, the client's information doesn't pull automatically, I need to reload the app before it displays on the screen. |
